1030 Ethyl Rd, Pasadena, TX is the ICP, go to the end of the road, take a right into security checkpoint, stay to the left and park in the gravel parking lot. Call me and I will come get you and get you badged and get you started. If the guard stops you tell them with your EPA and you are reporting for duty. I want to get you in the air with me and Matt ASAP so you can see the picture

Excellent, I spoke with Adam for approval, and as EPA Ops Section Chief, I would like to request Mark Hayes, Bill Rhotenberry and two Senior oil experienced OSCs from R7. We also need a PSC to be deputy to the RP PSC. All these positions would need to report on

Tuesday at the ICP. Also, we will need Eric Paisley to coordinate delivery of 2 LRVs to command and to help set them up at two division locations in the field.
